

Introducing AlumaWood Patio Shade Structure.  
More Affordable & Beautiful Patio Shade.  
Quality and Beauty In Every Detail.

AlumaWood Shade Structures can be attached to your home or free-standing in your yard creating a private retreat, entertainment area or landscaping focal point.

## *Elegant Outdoor*

Available in solid cover and partial sun shade.

Whichever style you prefer, our AlumaWood Shade Structures will be custom-designed and fit to complement your home architecture.

 Available In Various Colors.

## *Maintenance-free*

Built to provide years of lasting beauty. Unlike real wood, AlumaWood will not burn, attract termites, crack, peel, warp or rot. Engineered to withstand windload of 90 MPH!

*P.S. Ask about our "Lowest Price Guarantee" and 100% Financing Programs!*
